### **INTERNET SAFETY REGULATION**

(X) REQUIRED  
( ) LOCAL  
( ) NOTICE

The following rules and regulations implement the Internet Safety Policy adopted by the Milford Central School District Board of Education to make safe for children the use of computers for access to the Internet and World Wide Web.

#### **I. Definitions**

In accordance with the Children's Internet Protection Act,

- Child pornography refers to any visual depiction, including any photograph, film, video, picture or computer or computer generated image or picture, whether made or produced by electronic, mechanical, or other means, of sexually explicit conduct, where the production of such visual depiction involves the use of a minor engaging in sexually explicit conduct. It also includes any such visual depiction that (a) is, or appears to be, of a minor engaging in sexually explicit conduct; or (b) has been created, adapted or modified to appear that an identifiable minor is engaging in sexually explicit conduct; or (c) is advertised, promoted, presented, described, or distributed in such a manner than conveys the impression that the material is or contains a visual depiction of a minor engaging in sexually explicit conduct.
- Harmful to minors means any picture, image, graphic image file, or other visual depiction that (a) taken as a whole and with respect to minors, appeals to a prurient interest in nudity, sex, or excretion; (b) depicts, describes or represents, in a patently offensive way with respect to what is suitable for minors, an actual or simulated sexual act or sexual contact, actual or simulated normal or perverted sexual acts, or a lewd exhibition of the genitals; and (c) taken as a whole, lacks serious literary, artistic, political, or scientific value as to minors.

#### **II. Blocking and Filtering Measures**

- The Superintendent or his or her designee shall secure information about, and ensure the purchase or provision of, a technology protection measure that blocks access from all district computers to visual depictions on the Internet and World Wide Web that are obscene, child pornography or harmful to minors.
- The Information Technology Department shall be responsible for ensuring the installation and proper use of any Internet blocking and filtering technology protection measure obtained by the district.
- The computer network coordinator may disable or relax the district's Internet blocking and filtering technology measure only for adult staff members conducting research related to the discharge of their official responsibilities.
- The Information Technology Department shall track the online activities of adult staff members for whom the blocking and filtering technology measure has been disabled or relaxed to ensure there is not access to visual depictions that are obscene or child pornography.

### **III. Tracking of Online Activities**

- The Information Technology Department shall be responsible for tracking to ensure that the online activities of staff and students are consistent with the district's Internet Safety Policy and this regulation. They may inspect, copy, review, and store at any time, and without prior notice, any and all usage of the district's computer network for accessing the Internet and World Wide Web and direct electronic communications, as well as any and all information transmitted or received during such use. All users of the district's computer network shall have no expectation of privacy regarding any such materials.
- Staff supervising students using the district's computers shall help to track student online activities to ensure students access the Internet and World Wide Web, and/or participate in authorized forms of direct electronic communications in accordance with the district's Internet Safety Policy and this regulation.
- The district's Information Technology Department shall track student online activities to ensure students are not engaging in hacking (gaining or attempting to gain unauthorized access to other computers or computer systems), and other unlawful activities.

### **IV. Training**

- The Information Technology Department shall provide training to staff and students on the requirements of the Internet Safety Policy and this regulation at the beginning of each school year.

The training of staff and students shall highlight the various activities prohibited by the Internet Safety Policy, and the responsibility of staff to track student online activities to ensure compliance therewith.

- The district shall provide age-appropriate instruction to students regarding appropriate online behavior. Such instruction shall include, but not be limited to: positive interactions with others online, including on social networking sites and in chat rooms; proper online social etiquette; protection from online predators and personal safety; and how to recognize and respond to cyberbullying and other threats.
- Students shall be directed to consult with their classroom teacher if they are unsure whether their contemplated activities when accessing the Internet or World Wide Web are directly related to their course work.
- Staff and students will be advised to not disclose, use and disseminate personal information about students when accessing the Internet or engaging in authorized forms of direct electronic communications.
- Staff and students will also be informed of the range of possible consequences attendant to a violation of the Internet Safety Policy and this regulation.

### **V. Reporting of Violations**

- Violations of the Internet Safety Policy and this regulation by students and staff shall be reported to the Building Principal.
- The Principal shall take appropriate corrective action in accordance with authorized disciplinary procedures.
- Penalties may include, but are not limited to, the revocation of computer access privileges, as well as school suspension in the case of students and disciplinary charges in the case of teachers.
